

The Norwegian Financial Mechanism

2009-2014

Second call for proposals

Czech Republic, Cyprus and Estonia

The Fund for Decent Work and Tripartite Dialogue

The Norwegian Financial Mechanism shall contribute to the reduction of economic and social disparities in the European Economic Area (EEA) and to strengthen the bilateral relations between Norway and the Beneficiary States.

The highest degree of transparency, accountability and cost efficiency as well as the principles of good governance, sustainability, gender equality and equal opportunities shall apply in implementation of the Norwegian Financial Mechanism.

The Fund for Decent Work and Tripartite Dialogue (hereinafter referred to as the Fund) covers 12 Beneficiary States. After the deadline of the initial call, the available funds were allocated to all beneficiary states except to Czech Republic, Cyprus and Estonia. This second call for proposals is therefore limited to eligible applicants from the above mentioned countries. Project implementation period will be up to 18 months.

Financing will be made available for individual project applications within the following two main outcomes:

- Improved social dialogue and tripartite dialogue structures and practices
- Enhanced understanding of the benefits of decent work

The Rules and Procedures of the Implementation of the Fund for Decent Work and Tripartite Dialogue gives further guidance to applicants.

The deadline for applications is 12.00 p.m. local Norwegian time, 18 December 2012.

Grant allocations available per country, minimum and maximum grant amounts:

Beneficiary states	Total grant amount available, EUR	Minimum grant amount per project, EUR	Maximum grant amount per project, EUR
Czech Republic	220,000	50,000	200,000
Estonia	218,860	20,000	200,000
Cyprus	39,400	5,000	-

The Fund welcomes initiatives such as:

- Training and capacity-building to encourage the establishment and functioning of social dialogue structures;
- Initiatives to promote tripartite dialogue and decent work as well as bipartite dialogue initiatives across industries and sectors;
- Initiatives to foster work-life balance and non-discrimination in the work-place
- Health, safety and environment at the work-place;
- Initiatives to foster gender equality at the work-place and in company-board rooms;
- Information and awareness-raising activities and partnership-building among social partners and with public and private sector organizations, including NGOs;
- Social partner actions to promote employment, education, schooling, housing, anti-discrimination, poverty, health and safety and social protection;

Czech Republic and Estonia have provided country specific focus areas. They are published on the following website, see “National Focal Points priorities”:

http://ekstranett.innovasjon Norge.no/templates/Page_Meta_60052.aspx

Eligible applicants

Eligible applicants are: Social partners, public authorities and organisations of public authorities, constituted as legal entities in the Beneficiary States and in Norway with regular activities related to decent work and/or tripartite cooperation. The term „social partner“ means organisations representing employers and employees. Entities at national, regional and local level are eligible.

Partnerships with Norwegian entities are encouraged but not compulsory. Norwegian legal entities can only apply as Project Promoter in partnership with an entity from a Beneficiary State. A template for partnership agreements is available on the website.

Grant rates

The grant rate for project financing from the fund shall not exceed 90% of eligible total project costs. The minimum and maximum amount of grant per project shall normally be as stated in the table above.

The co-financing shall be provided in the form of cash. Man-hour contribution from the Project Promoter and Partners will be accepted as cash contribution.

Project assessment criteria and methodology

Innovation Norway, a state owned entity under the Norwegian Ministry of Trade and Industry and the Norwegian County Councils, is the Fund Manager.

Innovation Norway will through the establishment of an internal Programme Team assess all project proposals based on the criteria for eligibility, selection and award set out in the Rules and Procedure, item 3.

Innovation Norway might supplement the internal Programme Team with external experts if/when needed.

The assessment will be based on a combination of yes/no and weighted criteria as detailed in the attachment to Rules and Procedures, through the following steps:

Step I – Formal/administrative criteria: If any shortcomings are found, these can be corrected by the applicant upon request from Innovation Norway. The applicant may re-submit the application once within 10 calendar days from the notification from Innovation Norway.

Step II – Eligibility: An application meeting the formal criteria as well as the eligibility criteria for a) Applicant and b) Project, will be subject to full assessment organised by Innovation Norway. Applications

not fulfilling all the formal criteria and all the eligibility criteria will lead to the rejection of the application. A letter to the applicant will indicate the main reason for the rejection.

Step III – Selection: In order for an application to be accepted, the application must score at least half of the points corresponding to each and every award criterion in section II (in the annex to the Rules and Procedures) and at least 39 points in total. Applications with at least 39 points in total will be given additional 6 points if their application is within a country specific focus area (if/when applicable). During the assessment, Innovation Norway reserves the right to request clarifications and further documentary proof as may be necessary. The total number of points will be the basis for the preparation of the long list. Where an application will not score the minimum number of points, a rejection letter will follow with a short reasoning for the rejection.

Step IV – Award: Grant will be awarded to the applicants with the highest total points – for each beneficiary state. When preparing the short list, Innovation Norway will consult with the relevant National Focal Points, ILO and the European Commission/permanent representations of the EU and reserve the right to take into consideration eventual viewpoints received. Innovation Norway also reserves the rights to achieve a fair balance between projects on the national, regional and local level in each beneficiary state.

Innovation Norway will make the final decisions.

All applicants will receive information about the final results concerning financing within 5 months after the closure of the call. A list of approved projects will be published on the programme web site.

Mode of Payment

A project implementation plan, a detailed budget, a co-financing statement and a disbursement plan must be provided as part of the application.

The Project Promoter (Applicant) has the opportunity to apply for an advance payment in line with the requirements in the Rules and Procedures.

Interim payments will be made on the base of interim reports with description of results achieved together with financial statements provided according to Grant Offer Letter.

Implementation Period

The foreseen start of projects is from 1 September 2012 and with duration of maximum 2 years. The projects must be finished by 31 December 2014, which is the end of eligibility period for the implementation of projects. A final report shall be submitted 3 months at the latest after approval of the final payment claim.

Documents of specific importance to the call

In addition to the call, the following documents shall be consulted by applicants when preparing the application:

- Rules and Procedures on the Implementation of the Fund for Decent Work and Tripartite Dialogue. Guidance to project applications. (Version 1.0, dated 18.10.11);
- Standard Terms and Conditions (Version 1.0, dated 18.10.11);
- List with any country specific focus areas (to be published on the web site on 4 November 2011);
- Executive Summary of Programme Document (Version 1.0, dated 18.10.11.);
- Template – Partnership Agreement (Version 1.0, dated 18.10.11.);
- Template – Project Implementation Plan (Version 1.0., dated 18.10.11.);
- Template – Detailed Budget (Version 1.0., dated 18.10.11.);
- Template – Disbursement Schedule (Version 1.0., dated 18.10.11.);
- Frequently Asked Questions (to be published on the web site and updated on a regular basis, according to the questions received from potential applicants).

More information
