

**Programme CZ02 – Biodiversity and Ecosystem Services & Environmental Monitoring and Integrated Planning Control & Adaptation
to Climate Change**

1st Open Call for applications in programme areas no. 2, 3 and 7 within the Programme CZ02

List of approved applications

Ranking	Title of the project	Title of the applicant	Approved grant (CZK)
1	Monitoring of NATURA 2000 sites as a tool for effective management and conservation of autochthonous crayfish	T. G. Masaryk Water Research Institute	8 988 674
2	Monitoring of carnivore species of European importance in selected Natura 2000 sites	Friends of the Earth Czech Republic – Olomouc local group	6 935 071
3	Actual damage extend of forest and water ecosystems on the territory of SAC Krkonoše and harmonization of a basic monitoring network for observing their further development as fundamental data set for improving their management towards their higher stability and biodiversity	Krkonoše National Park Administration	7 373 351
4	Monitoring of the status of species listed in the EU Nature Directives in Natura 2000 sites	Nature Conservation Agency of the Czech Republic	15 879 995
5	Creation of environmental education programs for the study of the response to climate change	Mendel University in Brno	7 976 520

6	BIOM: Biodiversity education centre Mohelský Mill	Institute of Vertebrate Biology	7 832 828
7	The red book of woody plants of the Czech Republic, The red book of threatened species of the floodplain forests of the Dolní Morava Biosphere reserve and The red list of threatened species of UFE Křtiny	Mendel University in Brno	7 695 774
8	Measures for stopping the loss of biodiversity at statewide and regional level	Nature Conservation Agency of the Czech Republic	7 999 695
9	Development of strategy for mitigation of river fragmentation impacts in the hydrological network of the Czech republic	Nature Conservation Agency of the Czech Republic	22 922 592
10	The reduction of habitat fragmentation consequences in various types of landscape in the Czech Republic	Czech University of Life Sciences Prague	12 211 915
11	Complex approach to the protection of fauna of terrestrial ecosystems from landscape fragmentation in the Czech Republic	Nature Conservation Agency of the Czech Republic	8 196 733
12	Monitoring of natural forests of the Czech Republic	Silva Tarouca Research Institute for Landscape and Ornamental Gardening	7 525 584
13	Monitoring of small forested catchments GEOMON – research tool for strategic policy decisions in the environment	Czech Geological Survey	8 923 472
14	DA VINCI – DAta Visualisation, INterpretation and Comparison Improvements for organic pollutants in long-term monitoring networks	Masaryk University in Brno	10 487 327
15	Silvicultural measures to improve forest biodiversity in protected areas	Forestry and Game Management Research Institute	6 307 797
16	Monitoring of long-term changes in biological diversity of running waters during climate change: design, realisation and implementation into the public information system ARROW	T. G. Masaryk Water Research Institute	9 123 987

17	Improving the public perception on sustainable use of water resources and landscape planning for increase of ecosystem services in global changing environment. (LaPlaNt)	METCENAS	7 029 839
18	Czechadapt – System for Exchange of Information on Climate Change Impacts, Vulnerability and Adaptation Measures on the Territory of the Czech Republic	Global Change Research Centre	22 029 478
19	Frameworks and possibilities of forest adaptation measures and strategies connected with climate change	Mendel University in Brno	11 931 972
20	Resiliency and adaptation to climate change in regional strategies	Veronica Ecological Centre	8 474 364
21	Development of urban adaptation strategies using ecosystem-based approaches to adaptation	Global Change Research Centre	14 392 566
22	Increasing public awareness for an active protection of biodiversity in the Czech Republic	Friends of the Earth Czech Republic	9 680 781
23	Vysocina Region Biodiversity	Czech Society for Ornithology – Vysočina Region	10 870 384
24	Support of information exchange and education about the impact of climate change and adaptation measures on national and regional level	Masaryk University in Brno	7 838 495
25	HUMAN TO NATURE, NATURE TO HUMAN	Environmental Education Center Kladno - Čabárna	7 335 270
26	Krkonoše - men and nature	Krkonoše National Park Administration	12 666 453
27	National strategy of building adaptation to climate change	Chance for Buildings	6 500 000

28	Raising awareness and publicity of the importance of forest functions in the landscape and near-natural watercourses in urban areas as a part of basin ecosystem services	Mendel University in Brno	9 424 000
29	Implementation of retention and infiltration adaptation measures in Morava river basin	River coalition	7 863 849
30	Nature, who cares?	Beleco	15 200 804
31	Adaptation of the settlements to the Climate change - practical solutions and sharing experience	CIVITAS PER POPULI	8 865 162
32	Raising Public Awareness of Biodiversity in Artificial Biotopes in the Czech Republic	Institute for eko-politics	7 330 347
33	Complex planning, monitoring, information and educational tools for adaptation to the impacts of climate change, with the main emphasis on agriculture and forestry management in the landscape	Brno University of Technology	22 627 621
Total			346 442 700

List of reserve projects

Ranking	Title of the project	Title of the applicant	Approved grant (CZK)
1	Education and scholarship support in the field of importance of forest ecosystems and the conditions for maintaining their diversity	Mendel University in Brno	9 039 443
2	Protecting our most endangered biotopes – wetlands and steppes – by the land trusts	Czech Union for Nature Conservation	9 248 060
Total			18 287 503
